(Dr. Nisha Singh)
Training and Placement Officer
CCGPC, GGS IP University

Job Description
We are looking for a proactive and detail-oriented Business Analyst to join our team. In this role, you will lead client conversations to gather and document requirements, understand ServiceNow modules at a functional level, and capture nonfunctional requirements. Strong client-facing skills and the ability to document acceptance criteria are essential. Training and certification in ServiceNow modules will be provided.

Key Responsibilities:
1. **Client Engagement:**
   o Lead conversations with clients to gather and document requirements.
   o Build strong client relationships and effectively communicate their needs.
2. **ServiceNow Expertise:**
   o Understand ServiceNow modules at a functional level (training and certification provided).
3. **Requirements Gathering:**
   o Capture and document nonfunctional requirements (training provided).
4. **Documentation:**
   o Document acceptance criteria to ensure deliverables meet client expectations.
5. **Collaboration:**
   o Work with technical teams to translate client requirements into actionable specifications.

Required Skills and Qualifications:
- Strong client-facing skills with excellent communication abilities.
- Ability to lead client conversations and document requirements effectively.
- Detail-oriented with strong organizational skills.
- Having ServiceNow certification will be an added advantage; or the candidate should be motivated to learn. Training and certification on ServiceNow will be provided.
- Ability to document acceptance criteria clearly.
- Level 9: 3-6 years of experience.
- Level 10: 1-3 years of experience.

If you are a motivated individual with strong client-facing skills and a desire to excel as a Business Analyst, apply today to join our team and make a significant impact.
