UNIVERSALLY ACCESSIBLE DESIGN

Parul Sharama is a management consultant and urban planner with experience in a variety of sectors including environmental management, public policy formulation, program and project management, and more. He has actively worked to make it easier for people with impairments to actively engage with the built environment.

He was instrumental in the promotion of the "Accessible India" campaign.

He is currently pursuing a part-time ph.d. from S.P.A., New Delhi, on developing accessible urban places for persons with disabilities in India. He is also working with the UN's ESCAP program as an expert on urban policies and leaving no one behind.

Series

*An architect as a profession; an artist of
Human togetherness !*

Ar. Renu Khanna

Ar Renu Khanna is a product of Chandigarh College of Architecture who has established herself as a leading architect of India. The Architect is currently designing more than 30 projects across the length and breadth of India - from Bandipur (Kashmir) to Chennai, from Vadodra to Sikkim. Each and every project has a different story to tell. Ar Renu Khanna is famous for her experiential and emotive architecture. Her designs are contemporary, designer and also sustainable. She is known for infusing soul in her projects be it the monumental memorials, museums, airports, corporate offices or super speciality hospitals, housings, commercial buildings, transport infrastructure or resorts. Most of her projects have been well appreciated, published and awarded.

COORDINATORS:

Dr. Neeraja Lugani Sethi
Ar. Sajida Shahnum
